Information Systems student at PUC-Campinas, working in software development in a corporate environment, with hands-on experience in systems and database development using PL/SQL and SQL, as well as web development with JavaScript, HTML, and CSS. Additional knowledge includes data modeling, programming logic, data structures, object-oriented programming (OOP), version control with Git, and software engineering fundamentals, focused on building and maintaining applications, process automation, and supporting the development of internal data-driven solutions, with an ongoing interest in software development, databases, systems integration, and process improvement through technology.

Experience

AgRoss | Paulínia, SP

2026 – present

Development Intern

- Worked on the development and maintenance of internal systems, with a focus on databases and corporate applications.
- Used PL/SQL and SQL for queries, maintenance, and support of data routines in an Oracle environment.
- Developed web interfaces with JavaScript, HTML, and CSS to support internal systems.
- Assisted with bug fixes, improvements, and adjustments to existing system features.
- Participated in support activities for the development team, contributing to business rule analysis and understanding.

ArcTest | Paulínia, SP

2025 – 2026

Apprentice

- Formatted and standardized approximately 4 NDT files per day (2 in Portuguese and 2 in English), ensuring compliance with technical standards and improving efficiency for radiographic and industrial ultrasonic testing teams.
- Managed between 200 and 300 operator certifications and qualifications, ensuring organization, traceability, and compliance with documentation requirements.
- Restructured the storage system for 20 years of historical records, reducing document retrieval time from an extremely time-consuming process to immediate access, resulting in an estimated 100% improvement in efficiency.
- Developed a new organization process for calibration blocks, increasing retrieval efficiency by approximately 200% and facilitating technical audits and inspections.
- Provided direct support to the Technical Director, contributing to process optimization and reducing the operational workload of the supervisory team.

Nação Evangelizadora | Paulínia, SP

2023 – 2025

Media Team Leader

- Led a team of 6 members, responsible for training, scheduling, and standardizing work routines.
- Grew social media reach from 200 to 2,000 people (10x growth) through consistent posting processes and engagement strategies.
- Coordinated daily post production, standardizing visual identity, creating templates, and structuring the entire content creation workflow.
- Produced videos, photos, and graphic materials used in campaigns and events, reaching 1,000 – 2,000 views per piece of content.
- Covered approximately 15 events per month, including editing, photography, and management of posting and promotion.

EDUCATION / CREDENTIALS

- Pontificia Universidade Católica de Campinas (PUC-Campinas) — Campinas, SP
Bachelor's Degree in Information Systems (Evening Program) – 2st Semester
- High School Diploma – Completed

Completed Courses

- Microsoft Office Specialist — SENAI (60 hours)
- Python Fundamentals — SENAI (30 hours)
- Java Foundations — Oracle Academy (30 hours)
- AI-900: Microsoft Azure AI Fundamentals — SENAI (40 hours)
- Power BI — SENAI (32 hours)
- Database Programming — SENAI (120 hours)

Other certifications: more than **20 completed courses** in the areas of technology, data, AI, Office suite, digital tools, and professional development. **Full list available on LinkedIn or upon request.**

Languages

- Portuguese (Native)
- English – A2 Level (**improving**)
- Spanish (Basic)

Hard Skills

- Programming Languages: Java, Python, and JavaScript.
- Database: SQL.
- Web Development: HTML.
- Data Analysis: Power BI.
- Advanced Microsoft Office: Word, Excel, and PowerPoint.
- Design & Video Editing: Canva and CapCut.

Soft Skills

- Leadership
- Clear communication
- Organization
- Attention to detail
- Teamwork
- Responsibility
- Proactivity
